Problem Statement

Java

Given the individual's income N. Write a java program to find if the income category is above or below poverty line.

Hint: If income > \$6250, then individual is above poverty line; otherwise below poverty line

Constraints :

$1 <= N <= 106$

Input Format :

First line of the input contains N

Output Format :

Above/Below poverty line

Sample Input :   42000

Sample Output :   Above poverty line

Sample Input :   3200

Sample Output :   Below poverty line
